## Teacher's Feedback : 2021-22

Feedback Link - <https://forms.gle/bpuj74J1WndYbfv39>

### Analysis:

We conduct a feedback survey with faculty members to evaluate different aspects of courses. The survey focused on various factors that affect teaching and learning including the syllabus, infrastructure, weaker students help, teaching planner and teaching methodology, cleanliness, supporting staff and benefit the student are getting by implementation of NEP from 2021-22;. The feedback will also guide us and enable us to know on how we look at the future of the institution, footfalls in the central library, employable programmes etc.

*i. Infrastructure:*

The majority of the teachers are satisfied with the present infrastructure of the institution such as class rooms, staff room, washroom, sports room, parking space, garden, ICT Facilities, canteen etc.

*ii. Syllabus:*

The majority of faculty members reported that the syllabus is almost satisfactory for the course and meets the needs of the students.

*iii. Modification in the Syllabus:*

The majority of the teachers reported that there is still a scope to modify the syllabus, especially with the courses that have employability in the field of economics and cultural development.

*iv. Weaker Students:*

The Majority of the teachers have reported that extra attention could be given to the weaker students by supporting with some more text and reference books and by arranging some extra classes.

*v. Daily Diary of Teachers:*

The Majority (98.7%) of the teachers prepare Teaching Planner of their subjects that is helpful for the students before they attend the classes.

*vi. Use of ICT Tools*

The majority of the teachers make use of the ICT tools for their teaching purposes. This reflects that the teaching is more effective and the students comprehend the topics in the class more easily.

vii. *Cleanliness:*

About half the teachers of the institution are satisfied with the cleanliness of the classrooms and washrooms. This indicates that there is still some scope that needs attention to improve in this regard.

viii. *Administrative Staff:s*

The faculty members report that administration is teacher friendly and provide adequate support for their academic and administrative need.

ix. Majority of the faculty members have found the future of the institution is superb and it could lead to higher platform in the field of academics and research.

Overall, the feedback received from the faculty members indicates that the courses are well designed and meet the needs of the students. The college provides adequate and satisfactory infrastructure and ICT facilities as well. The administrative support is totally teacher friendly. However, some areas for improvement were identified such as providing more attention to the weaker students and cleanliness in the institution.

## Action Taken

Based on the feedback report, the following are some actions that can be taken to improve the course and address the area of concern.

1. *Syllabus:*

To ensure that the syllabus continues to meet the needs of the students, the academic council can review it periodically and make necessary revision based on the feedback received from the students and changing demands of the industry. To make the courses completely or fully employable. From the year NEP has been introduced in the first-year certificate course which focuses more on employability. We expect some good and positive results in the consequences.

2. *Cleanliness:*

To ensure cleanliness in the institutions special attention would be given from now onwards. Regular water inflow would be monitored in the washroom from time and again. Additional sweepers would be employed to clean washrooms and classrooms and the value of cleanliness would be addressed amongst the employee and students.

Special awareness camps can also be organized by N.S.S. and N.C.C. quads/students. Frequent use of hygienic / sanitary liquids would also be ensured. The institution has formulated a committee for this drive to monitor the cleanliness in the campus effectively.

## Student Feedback 2021-22

Feedback Link - <https://forms.gle/WsxHnJpZdvoaMd6s5>

### Analysis:

- i. Syllabus:*  
Majority of the students are completely satisfied with the current syllabus. As it meets the competitive edge and employability in several fields.
- ii. Access of Books from Library:*  
75% of the students said that they access their textbooks/ reference books from the library easily. This indicates that these students are quite satisfied with the desired needs of the texts books and reference books.
- iii. NEP Implementation:*  
Majority of the students are satisfied with National Education Policy implemented this year (2021-22). This is a positive indication of the new syllabus and courses implementation.
- iv. Teaching and Learning:*  
The majority of the students have reported that they are satisfied with the teaching methods and approach of the teachers. This suggests that a majority of the students (94%) had positive response for their teachers in the approach of teaching.
- v. Basic infrastructure and Amenities :*  
The majority of the students (65%) are reported to be satisfied with the basic infrastructure of the institution such as drinking water, washroom etc. This indicates that the remaining percentage of students are not totally satisfied with it. The institution needs to look after some of these basic needs that make them conducive enough to be in the institution for longer period of time for academic and other activities organized in the college.
- vi. Syllabus and employability:*  
90% of the students approved that the topics contained in the syllabus is quite relevant and meet to their employment. This indicates that the syllabus and courses support them in getting employment.
- vii. Activities: Cultural and Literary:*  
94% of the students report that literary and cultural activities are frequently organised in the institution. This reflects that these activities surely helps them in developing their all around personality which make them as a good and responsible citizen.

viii. *ICT Tools:*

59% of the students are of the view that the teachers make use of ICT for teaching purposes. This indicates that by using these kinds of technology the students can make use in their advanced studies which are useful for them in preparing the various online examinations.

ix. *Government schemes:*

84% of the students have reported that they availed nearly all the government schemes like- scholarship, Gaon-ki-Beti, Pratibha Kiran, books etc. This reflects that these schemes do support them in their studies.

x. *Complaints and Grievances:*

84% of the students are of the view that their complaints / grievances are resolved duly by the college administration. This shows that the administration of the institution pay deeds to the complaints or grievances (if any) raised by the students. This is a positive sign of the governance of the institution.

xi. *E-content share:*

77% of the students are of the view that the teacher do share e-contents of their subjects as and when required. This indicates that the teachers frequently use ICT tools in teaching students.

xii. *Promotion of sports:*

92% of the students agree that the institution promotes the activities organised in the college from time and again. This indicates that the institution focuses on sports activities and provide all infrastructure needed for it.

xiii. *Provision for weaker students:*

61.4% of the students believe that the institution conducts remedial classes for them. This simply indicates that the institution is quite serious about the weaker students to uplift and support these students.

xiv. *Outdoor/Indoor Gymnasium:*

74% of the students are of the view that the institution does facilitate gymnasium to their students. This reflects that the students are making use of gym to strengthen themselves physically and mentally and eventually make them prepare for better studies.

xv. *College website visit:*

The majority of students (90%) visit the institutional website frequently and gather information and notices from it. This indicates that the website of the college is very informative and all notices add examination results, e-content etc are accessed from it.

## Action Taken

Based on the feedback reports of the students (2021-22) following are some actions that can be taken for its rectifications.

### 1. *Access of Books from the Library:*

To ensure 100% access the institution would frame the Academic timetable in such a way that the students can make access in the library frequently and can borrow the text books and read newspaper and current magazines. Teachers are also advised to accompany the students to the library whenever their classes are not held by the teachers who are absent on that day. Footfalls of the students can also be insured by providing easy access to the reading room of the library by facilitating them with (Internet) computers.

### 2. *Basic Infrastructure and Amenities:*

To enhance the basic amenities for the students the institution has installed some new water tanks, water cooler etc from the World Bank funds. Washrooms are also being repaired and sanitary pad machines are installed. Furniture in the classroom and ICT equipment like computer sets are purchased to update the labs in the college for students. Girls common room is repaired with the new furniture and floor. Notice Boards are installed at every departments and in reception halls.

### 3. *Use of ICT Tools:*

To increase ICT facilities more classes are converted to ICT enabled facilities this year under World Bank Scheme.

- Provide training and support to faculty by organizing Faculty Development Programmes on how to effectively integrate ICT tools into their teaching.
- Ensure that the students have access to the necessary technology and support to use ICT Tools.
- Encourage the use of a variety of ICT Tools that can enhance the learning experience, such as learning management system, radio conferencing, and multimedia resources.

### 4. *Identification of Student strength and weakness:*

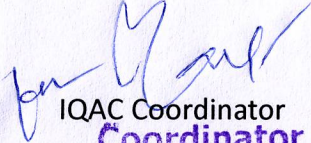

- Provide training and support to faculty on how to effectively identify student strength and weakness.
- Ensure that students have access to resources and support to address their weakness and build on their strength.

### 5. *Encouragement of extracurricular activities:*

- Create a culture that values and supports extracurricular activities.
- Provide opportunities for students to participate in a variety of activities

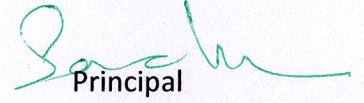

By taking these actions, the institution can address the remaining areas that need improvement to enhance the overall quality of the teaching and learning process. It is important to prioritize the needs of students and consistently strive to provide a high quality education that prepares the students for their brighter careers.
